

List of APT Training Courses in 2025

(Updated on 16 July 2025)

Training Course	Duration	Tentative Schedule	Training Center
Trends and Practices of the Radio Policy in Japan (Face-to-Face)	5 days	23 - 27 June	KDDI Foundation, Japan
5G Evolution Masterclass: Innovation, Security, and Industrial Applications towards 6G (Face-to-Face)	5 days	30 June - 4 July	MCMC Academy, Malaysia
5G and IoT Network Infrastructures integrated with AI ingredients to deliver future values (Phase 1) (Online)	4 weeks	7 July - 4 August	NT Academy, Thailand
V2X Technology Application and Solution Optical Network and Computing Power Interconnection (Face-to-Face)	5 days	25 - 29 August	WRIPT, China
Spectrum Management Seminar (Online)	2 days	TBD September	ACMA, Australia
AI and Cybersecurity Upgrades in the Digital Era (Face-to-Face)	10 days	15 - 24 September	E-CAICT, China
Bridging the Digital Divide with LEO Satellites: Unlocking the Future of Connectivity, 5G, and IoT (Face-to-Face)	4 days	23 - 26 September	MCMC Academy, Malaysia
5G and IoT Network Infrastructure integrated with AI ingredients to deliver future values (Phase 2) (Face-to-Face)	5 days	6 - 10 October	NT Academy, Thailand
Regional training workshop for Pacific Island countries (Face-to-Face)	3 days	TBD November	JTEC, Japan
Integration of Artificial Intelligence with 5G and 6G Mobile Communication Systems (Face-to-Face)	5 days	13 - 17 October	XUPT, China
Frontier Technologies of Ubiquitous Intelligent Communication Networks (Face-to-Face)	6 days	21 - 26 October	BUPT, China
5G Technology & Regulatory Landscape (Face-to-Face)	5 days	3 - 7 November	NCAT, India

AI and Data Analytics: From Theory to Practice (Face-to-Face)	5 days	17 - 21 November	NT Academy, Thailand
Internet of Things and Cyber Security in the Era of Big Data (Online)	8 days	19 - 26 November	NJUPT, China
Training Experts and Foster Managements in Standardization of ASTAP and related Organizations (Face-to-Face)	5 days	TBD December	TTC, Japan
Spectrum Management and Monitoring (Face-to-Face)	5 days	1 - 5 December	BSNL, India
Strengthening Network Planning for Rural Connectivity and Development (Face-to-Face)	6 days	2 - 9 December	ITU-AJ, Japan
Planning for effective use of radio frequency bands and trends in wireless communication technology (Face-to-Face)	5 days	8 - 12 December	JTEC, Japan

List of APT Training Courses in 2026

(Updated on 16 July 2025)

Training Course	Duration	Tentative Schedule	Training Center
"Cyber Security Technologies" - Cybersecurity Fundamentals and Risk Management - (Face-to-Face)	8 days	21 - 30 January	KDDI Foundation, Japan
Training Workshop on Policy Development for High Level Officials (Face-to-Face)	4 days	2 - 5 February	JTEC, Japan
Workshop for bridging the gender gap and training mobile solution architects for local issues (Face-to-Face)	5 days	TBD February	TTC, Japan
Wisdom and Innovation towards Digital Transformation using ICT (Face-to-Face)	7 days	25 Feb - 5 March	BHN, Japan
Radio Spectrum Management and Monitoring in the Age of Digital Transformation and 5G (Face-to-Face)	7 days	TBD February - March	TELEC, Japan
Trends in wireless technologies and services in Japan (Face-to-Face)	5 days	TBD January - March	KDDI Foundation, Japan
