Dear Sir/Madam,

**Subject: Circulation of Two Draft APT Recommendations
Adopted by the 19th Meeting of the APT Wireless Group**

Please refer to the 19th Meeting of the APT Wireless Group (AWG-19) which was held successfully from 2 to 5 February 2016 in Chiang Mai, Thailand. AWG-19 developed following two Draft APT Recommendations:

- 1) Draft APT Recommendation on Guidance for the Migration of GSM to Mobile Broadband IMT System;
- 2) Draft APT Recommendation on Frequency Arrangements for Implementations of IMT in the Band 698-806 MHz.

According to the APT Documents Framework (MC-35, Jeju, 2011), a Draft APT Recommendation requires ultimate approval by the Management Committee (MC), after an earlier circulation to APT Members seeking their adoption of the Draft APT Recommendations.

You are therefore kindly requested to review the attached two Draft APT Recommendations in accordance with Section 3.2 of APT Documents Framework. Once the criteria mentioned in Section 3.2.2 of APT Documents Framework are met, the Draft Recommendations will be submitted to the 40th Session of the Management Committee of APT for approval. Please note that your replies are to be submitted in the attached "APT Recommendation Adoption Form" to the APT Secretariat preferably by e-mail, aptawg@apt.int, or fax: +66 2 5737479 by **28 March 2016**.

I thank you in advance for your cooperation.

Yours sincerely,

(Original signed)
